

Glassboard Product Care Guide

Erasing & Cleaning your Eternal Glassboard

M3's Eternal Glassboard products are compatible with just about any marker. Dry erase and paint markers can be wiped off using a simple eraser or dry cloth. Permanent markers may be removed using any standard glass cleaner.

Periodic cleaning of your M3 Glassboard products may be performed using a glass cleaner without ammonia or mild soap and water as needed on the front side of the glassboard.

Marker Types

Eternal Glassboards will work with just about any type of writing instrument, including but not limited to: chalk/grease markers, neon markers, paint markers, dry erase markers and even permanent markers!
